

UNDERGROUND BORERS

PneuVibe Underground Borers are ideal for the underground installation of sewage pipe, telephone, gas and electricity lines, etc.

PneuVibe Underground Borers provide an efficient and cost effective alternative to open cut excavation.

Equipped with two alternative head styles, and available in both long and short versions, our borers are Australian made, suitable for a variety of projects and are supported by a one year warranty.

All our borers feature a heavy duty quick connect coupling for easy attachment to borer & accessories to the heavy duty hose.

Complete package which includes Borer, hose, oiler/lubricator, telescopic sighter, range pole & oil are also available.

	DIAMETER (mm)	LENGTH (mm)	WEIGHT (kg)	AIR REQUIRED		OPERATING PRESSURE (BAR)
				(cfm)	(l/s)
