

# ATLAS COPCO XAVS1800 PORTABLE SCREW AIR COMPRESSOR

## FEATURES

- Safety features as pressure displays, emergency stop
- FuelXpert™ for optimised fuel consumption
- Dual pressure system with variation of output and flow
- Ready to drill package with a full range of all operating conditions
- Best for use in all weather conditions (-25 °C to + 50 °C)

## ADVANTAGES

- Less compressor units with big FAD
- Operator and environmentally safe
- Best fuel consumption
- Wide application with dual pressure
- Best fuel autonomy for complete working shift

### Technical Data

Make	Atlas Copco		
Model	XAS1800		
Actual free air delivery*	BAR	7	14
	PSI	100	200
	CFM	1800	1500
Compressor oil system capacity	l	82	
Fuel tank content (standard)	l	975	
Air outlet valve	1 x 2-1/2" + 1 x 3/4"		
After Cooler	Y/N	Yes	
Fully Bunded	Y/N	Yes	
Wheel Chocks	Y/N	Yes	
Road Registered	Y/N	No	

### Unit Dimensions (overall) L x W x H

Wagon, towbar raised	m	5.69 x 2.25 x 2.51
Support mounted	m	4.85 x 2.25 x 2.27
Skid	m	4.85 x 2.25 x 2.44
Weight (wet, incl. fuel)	kg	7400

### Sound Level

Sound pressure level (LPA) at 7 m acc. to ISO 2151	dB(A)	80
---	-------	----

\*according to ISO1217 ed.3 1996 annex D

\*\*complies with 2000/14/EC, 84/533/EEC limits
